For Representative

To the Voters of Letcher and Perry County:—Desiring to do all in my power for the people of the mountains and to serve my country as well, I hereby announce myself a candidate for Representative from the district composed of Perry and Letcher counties. I am a Republican and subject to the action of the Republican voters at the State Primary to be held in the coming August. Later on I hope to meet as many of you as possible and become better acquainted. Soliciting the favors of all, I am, Faithfully yours,

L. E. Whitehead.
Fleming, Ky. April 5, 1921.

Your Duty

Many good citizens, men who will make good county and district officials, have no doubt made up their minds to become candidates but are standing back hesitating and putting off saying so. The minds of the people—the voters want to begin fixing their minds who they are going to vote for and besides many candidates who have already announced would like to know who their opponents are going to be. To set things on substantial and certain ground all who have official fever should say so now and get the uncertainty over. The Eagle stands with wide open wings to welcome all good men into the field. Come along quick so that we as well as our readers may know just what to depend upon,

Well Known Business Man Passes

N. Starkey, Leading Telephone Owner and Manager, Dead

News of the death of Node Starkey, well known all over this section as manager of the Whitesburg Telephone Co., reached here Saturday evening and created a profound sensation. Mr. Starkey passed away at a hospital in Louisville where he had been undergoing treatment for cancer of the stomach. He was brought to his home at Pikeville Monday where memorial services were held in the presence of a large concourse of relatives and friends, after which the body was sent to his old home at Somerset for interment.

The death of N. Starkey removes from the ranks of the business profession one of its strongest and most popular members and his loss will be strongly felt. He was a highly prized member of the Masonic fraternity and the interment was conducted by that order in connection with other orders to which he belonged. He leaves a widow and a large circle of friends to all of whom we extend sympathies.

Announcement FOR JUSTICE

This week announcement of the candidacy of Frank Blair for Justice of the Upper Whitesburg District will be observed. Frank is one of our popular young citizens, a hardworking farmer and is admired by everybody. He is a son of the late Wm. L. Blair and was reared on Crafts Colly. He is well and favorably connected. If nominated and elected he will make a good official.

Announcement FOR ASSESSOR

Fleming, Ky., Apr. 5, 1921
To the Voters of Letcher County:—I take this opportunity of announcing myself a candidate for Tax Commissioner, or Assessor, of Letcher county, subject to the Republican voters at the August 1921 Primary. For thirty-three years I have been a teacher in the public schools of your county and now feel that I am entitled to some recognition from our people. If nominated and elected I will come to your home and take your tax list and talk the matter over with you. I further promise to do my duty in every other respect. Kindly soliciting your very earnest support and hoping to see you soon, I am,

Very truly,
H. R. Yonts.

Widening Out

J. Henry Hall, successful coal operator of Whiteo, was up from Lexington Sunday and said he had leased the Klenkole Mining Company's plant at Ulvah, and would also operate it. It is to be known hereafter as the Commercial Coal Mining Co. Mr. Hall left large printing orders for both of his operations.

Captures Blackey

Many Whitesburgians Slip Suddenly Upon the Town.—Surrenders Now.

The north-bound train Saturday evening enabled a large bunch of Whitesburgites to slide off at Blackey and capture the town. In doing so only one shot was fired, and R. Monroe Fields did that from the stage of the Blackey theatre. More than 300 fell ready victims to his fusillades and his ambition to be Circuit Judge was not aired once.

The opening of the new Blackey theater prompted the visitors from here to go and the same could be said of the great number of other persons present.

Listen! Blackey is no baby town now. Why any day in the week it dons a clean shirt, a new tie, and Beau Brummel like, it spreads its palm to the breeze, pins back the flap to its tent and bids you welcome. It really likes to see you and it never stops boosting. Everybody has his shoulder to the wheel puffing and pushing, and that's what makes Blackey swell. Rome was not built in a day, neither were Athens or Naples. A united, grand and enthusiastic push, all hands working, built the great cities of ancient fame. The ambition backed by the willing hands is there. The ambition to keep out the things that hurt and destroy is there. Seeing all this the visitor has only to stand aside and watch the town grow. There is not a pessimist in the town. Every business man brags on his business, and every citizen is minus a grouch.

The writer would like to desist here, but cannot. The new theatre just opened up is a "Jim Dandy," and Jim Whitaker, the Caudills, the Dixons, the Isons and every blessed one of the rest will see that no "baudy baudies" play there on the screen. Why, the new bank is a surprise. When you go in, thoughts of Winchester, Lexington and Whitesburg chase each other through your thinker. Arch Adams, whose ability to do things is well known, and Herman Ison, his ready assistant, make a strong team. Under their supervision the bank is growing right along.

Blackey is in the center of the second best coal field in our county and when once the coal mining industry gets back on its feet it will be a sight to see Blackey spread.

We have always been proud of the Eagle's patronage at Blackey. There are only a few of the good citizens who do not take it and they need only to be told. Some fine day we are going to print a Blackey edition of the Eagle and she will be a "dinger." A hundred subscribers will insure the project. You are invited to join the ranks.

Assistant Cashier Jas. M. Day left a mule-back on a short business trip to Harlan.

The Fiscal Court was in session this week looking into affairs for the county.

A Young Business Man Killed

Ed Tate, Popular East Stone Gap Citizen, Meets Accidental Death

News of the accidental killing of young Ed Tate, popular business man of Big Stone Gap, Va., reached here Tuesday morning. Details of the accident, except that it occurred in an automobile wreck, were not given. Mr. Tate is a brother of Mrs. Ed. L. Williams of this place and she with her husband left immediately for Big Stone Gap. This is the second member of this excellent family to meet a horrible death in the last few years, a brother having been killed on the firing line in France. We regret exceedingly to learn of the sad misfortune and extend sympathies to the bereaved friends.

52 Little Stories

In this issue the First National Bank of Whitesburg starts the publication of Fifty-two Little Stories. Every one of these little pieces of "spice" will appear and we kindly request our readers to watch out and read each of them. You say they are for advertising purposes. Well, we say so, too; but did you know that the best business people everywhere are close readers of advertisements? Further, did you know that the best business men in the world are the most extensive advertisers. They know this is the surest way to show their appreciation for the business handed to them by the public. Now, the First National Bank of Whitesburg is one of the big business concerns of Letcher county and to show its thankfulness to those who have built up its business it is placing these little stories in the Eagle, and they will be found on page 2 in nearly the same place. It is a costly proposition, but it does not care for that provided it can make known its appreciation. Again, note carefully every ad printed in the Eagle and profit thereby.

Donation

Believing that J. W. Simpson needed a pounding, quite a number of his many friends gave him a surprise on Monday evening, walking quietly into his room, without ceremony, but with real substantial, and with words of good will, remaining for an hour. They left the astonished receiver, into whose hands the articles had been placed, in a most pleasant humor. He desires in this way to express high approval and appreciation of these remembrances of kindness, and to call again at any and all times to suit their conveniences.

The Result of a Joke

TWO girls were working in the same shop several years ago. The question of saving money came up one day, but these girls said they could not spare anything from their small earnings.

But just as a joke one of the girls said: "I dare you to start a savings account with me and see who can save the most." So they started.

A few years later one of these girls quit working at the shop to get married. She was surprised to find more than \$600 in the bank to her credit—a very welcome sum at such a time.

The other girl is still working and she continues her visits to the bank each week. Her account is well above \$2,000 now and it is growing fast. Her interest money each year is more than her first year's savings amounted to.

Perhaps this story will suggest a plan that will work as well for you.

COLLEGE DEAN SHOT TO DEATH

Professor Wharton of Syracuse Killed by Instructor Who Ends Own Life.

TRIED TO PREVENT SUICIDE

Chancellor Day Believes Dean Discovered Professor Beckwith In Act of Committing Suicide and was Shot During Struggle.

Syracuse, N. Y., April 4.—J. Herman Wharton, dean of the school of business administration of Syracuse University, was shot and killed by Holmes Beckwith, an instructor and head of the eligibility committee of the same school, who then ended his own life with a bullet.

The shooting occurred at 9:45 o'clock this morning in one of the rooms of the school of business administration.

Tried to Prevent Suicide.
The theory advanced by Chancellor Day of the University, and by Frank Mahass, Onondaga county district attorney, is that Beckwith was discovered by Wharton in the act of committing suicide and that Wharton interfered, being shot, himself, in the struggle that followed.

Unpopular With Students.
Beckwith is said to have been unpopular with university students and, it is claimed, a petition was being circulated in the student body asking that he be re-engagement contract be tendered him for next year.

KU KLUX KLAN CAUSE RIOT

Fifteen Masked Men Beat Negro at Dallas, Tex., and Brand Him on Forehead With Letters "K. K. K."

Dallas, Tex., April 4.—This city is quiet after a night of rioting, in which members of the reorganized Ku Klux Klan participated. Shortly before midnight, Friday night, 15 masked and robed members of the organization seized Alex Johnson, negro, from his home and carried him to a segregated spot in the suburbs of the city. The members gave the negro a short trial. He confessed to improper relations with a white woman. The Klan then blindfolded the negro while he made entreaties for his life to be spared. The negro was then stripped and lashed severely 25 times. After the negro had been lashed and beaten until he could not stand, the letters "K. K. K." were branded on his forehead.

SLAYER OF PRIEST VANISHES

Wyandotte (Mich.) Police Killed No Trace of Man Who Killed Reverend Jarecki.

Detroit, Mich., April 3.—No trace has been found of the mysterious person who shot and killed Rev. Leo Jarecki, rector of Our Lady of Mount Carmel church at Wyandotte, near this city. Father Jarecki was at the rectory with his housekeeper when he answered a ring at the door and was shot down, his assailant fleeing in an automobile. Authorities were told by the housekeeper that just before the priest was summoned there had been a knock at the door of her apartment in another part of the house. This, officers believe, was an attempt to make sure the priest answered the front door, and showed that the assassin knew the habits of the household.

EX-KAISERIN OUT OF DANGER

Former Empress May Linger for Weeks, Says Member of Doorn Household.

Doorn, Holland, April 4.—Former Empress Augusta Victoria of Germany, whose condition took a turn for the worse yesterday, was reported to be in no particular danger this morning. Should another similar attack occur, however, it is feared death will result. "The patient may linger for weeks," said a person closely associated with the household of the former empress and empress.

\$10,000 HOLDUP IN DETROIT

Five Bandits Rob Employees of Michigan Steel Products Company at Point of Revolvers.

Detroit, April 4.—Five bandits today held up E. C. Hobart and A. C. Heinrich of the Michigan Steel Products company, and at the point of revolvers robbed them of between \$7,000 and \$10,000.

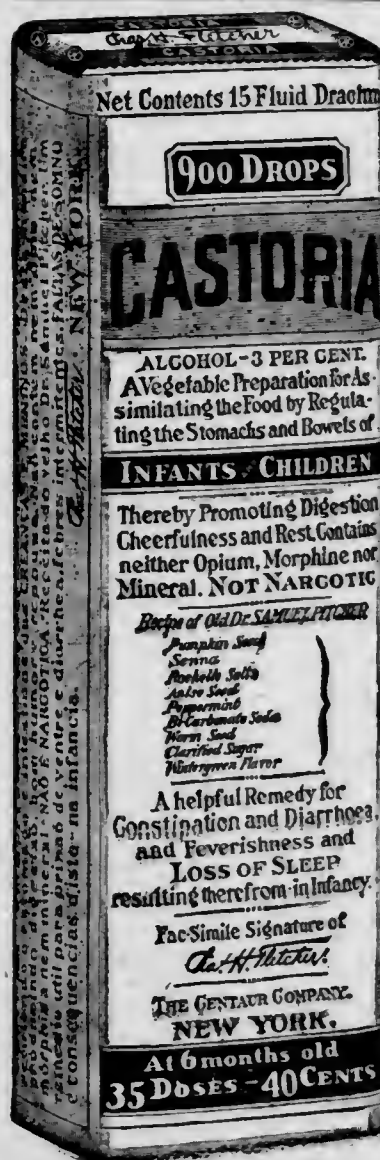

High Rate Bars Potatoes.

Washington, April 4.—Although stocks of potatoes in Michigan and other northern states were reported by the federal bureau of markets to be considerably larger than usual, it was predicted that to offset this condition the spring season in competition with the new southern crop probably would be extended from four to six weeks longer than usual. Increased freight rates and other costs should enable northern stocks, it was said, to compete successfully with the new southern crop for a longer time this spring than for several years.

Ten Millions of Dollars

The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THEDFORD'S

BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Theford's Black-Draught. At all Druggists.

GARRAGE AT CAMP ZACHARY TAYLOR

One of the many buildings at the Cantonment which will be torn down in order that the lumber and other materials used in construction may be utilized elsewhere.

In the sale of Camp Zachary Taylor, at auction, beginning Monday, April 25, the cost of building material will be reduced in such drastic manner that the many who have for several years past been living in uncomfortable and crowded conditions, because of the shortage of homes, will be enabled to procure, at their own price, all material necessary for building.

Many million feet of kiln-dried lumber was selected for the construction of this Cantonment, and it was subjected to the most rigid inspection. Having been exposed to the weather for only a short time, it is practically as good as new, and for rough construction work and outdoor purposes on the farm or in the building of a home, it will answer every purpose that lumber fresh from the mill does, and will doubtless sell for considerably less money.

The same is true regarding the plumbing and heating equipment that was used at the camp. This will be sold in small lots so that the small buyer will be in as good a position to take advantage of these bargains as the large buyer who is able to buy several carloads.

The 2,000 buildings will be offered one at a time, and the successful bidder will have the privilege of buying one or more of the particular type of building upon which he made his bid.

Many of the buildings will require the addition of a porch and a rearrangement of the inside partitions to make them comfortable homes, while

if one wishes to go to the further expense of applying steel lath on the sides and putting stucco on the lathe, an artistic, thoroughly modern home could be had for a mere fraction of what it would cost were it not possible to secure this Government property at one's own price, at auction.

The sale will begin on Monday, April 25, and continue until all of the 2,000 buildings and 2,000 acres of land are disposed of. Needless to say, this will be an absolute sale, and the Government will reserve nothing, but will dispose of it all to the highest bidder.

There are many stables, cressets, water troughs and cressets of fence post that should particularly appeal to the farmer, who can purchase them at his own figures.

The putting of this mammoth Cantonment on the market for sale at auction will do much to lower the cost of building. The original cost of buildings and land comprising the Cantonment was \$10,000,000. It will be sold for just what it will bring at auction. A sale of this magnitude has never before been held in Kentucky, and it offers an unparalleled opportunity to those desiring to purchase building material of every description. The taxpayers who furnished the money to build Camp Zachary Taylor will have an opportunity here to profit by the sale of the land and building material, which will be sold at auction by the Louisville Real Estate and Development Company, of Louisville, who will serve as sales agents for the War Department.
